IRRESISTABLY ENCHANTING VIOLET

Aurora Wisteria Violet
A graceful cascade of blossom

This **irresistibly, luminous violet** is characterized by a **deep blue undertone**. Wisteria Violet has a **captivating, spiritual** and **lustrous** effect on cosmetic products. The complex, **intense charisma** of the color lends itself well to combinations, blends, and transitions.

Our brilliant, glossy violet with excellent coverage **does not contain any carmine or organic colorant** and is therefore ideal for vegan cosmetic products. The **pure and strong body color** is stable **without risk of bleeding, fading or migration**.

Wisteria Violet is based on **synthetic mica (Fluorophlogopite)**, which manifests in a **body color with great depth, dazzling sparkle, and exceptional reflectivity**. The supremely smooth and even surface of the pigment results in a pleasant skin feel.
